## BELLINGHAM MEMORIAL MIDDLE SCHOOL

Bellingham, Massachusetts

### Our Story

---

Bellingham Memorial Middle School in Bellingham, Massachusetts, serves over 800 students in grades 5-8. The school seeks to establish itself as an exemplary middle school by developing programs that are responsive to student needs.

The parents, staff, and surrounding community work together to promote school ideals and ensure that each student has the opportunity to reach his or her fullest potential as a responsible member of society.

The recipe challenge team consisted of the Director of Food Service, two chefs, 24 students, and the Health and Wellness Specialist from the local YMCA. The team held an afterschool cooking class led by chefs to decide how they would develop a winning recipe. After a discussion on the value of healthy eating and a lesson on basic nutrition, the students were divided into four groups, and each group was assigned a cook-leader. The chosen recipe was Mediterranean Quinoa Salad. It features a nutritious whole grain called quinoa, mixed with a colorful variety of vegetables, including red bell peppers, parsley, and cherry tomatoes, feta cheese, and a light lemon dressing. The enticing side dish was served to over 200 5th and 7th grade students. As anyone can guess, this party of flavors received rave reviews.
